EXAM BLACK NITRILE GLOVE

Extensive testing ensures they are well-suited for medical, dental, laboratory, biotech, veterinary, and home healthcare needs, as well as public safety, security, and tattoo parlor uses. The black color looks professional and hides grime.

LATEX FREE

Nitrile gloves are a latex-free solution for professionals concerned with latex sensitivity.

TEXTURED/MICRO-ROUGHENED

For a superior grip, wet or dry.

POWDER FREE

Won't interfere with adhesives or inks.

MEDICAL SAFETY TO COUNT ON

At 6 mils thick, they resist punctures, rips, and tears better than comparable latex or vinyl disposable gloves. Excellent fit, feel, and tactile sensitivity. Tested to resist permeation against fentanyl for up to 240 min based on ASTM D6978 standard.
