

GLOVEWORKS®

by AMMEX®

EXAM BLUE LATEX GLOVE

Made with serious healthcare professionals in mind, they are extra thick at 14 mils, and more than 2 inches longer than standard gloves to better protect your wrist and forearm. They deliver the high level of comfort, fit, and feel that only latex can.

TEXTURED/MICRO-ROUGHENED

For a superior grip, wet or dry.

POWDER FREE

Won't interfere with adhesives or inks.

COMFORT & PROTECTION

Well-suited across the healthcare spectrum and a great fit for medical, dental, and laboratory uses and non-surgical procedures, they excel in demanding environments, holding up longer for those who need extra resistance to chemicals.
