

GLOVEWORKS[®]

by AMMEX[®]

INDUSTRIAL BLUE VINYL GLOVE

These gloves really stand out, thanks to their high-visibility color. This is especially important in food production: If a tiny bit of glove becomes detached, you want to find it before it ends up in the food, a prime concern when baking, or working with seafood.

LATEX FREE

Vinyl gloves are a latex-free solution for professionals concerned with latex sensitivity.

SMOOTH

Liquids just slide off the surface.

POWDER FREE

Won't interfere with adhesives or inks.

HIGH VISIBILITY

Beyond food, these gloves are also well-suited for janitorial, plumbing, painting, beauty & salon, and countless other uses that require frequent glove changes. Dependable barrier protection from common chemicals and cleaning solutions.
